By Jayden Wu 5a37

There are a lot of festivals. I made my own festival called the Roblox Festival. This festival is about playing Roblox and it is fun. I think everybody will enjoy this festival especially gamers who play Roblox. 🔥👍

WHEN&WHERE?

This festival is for everyone because Roblox is for all ages. It will start on the 12th of October every year and ends on the 14th of October. It will be held in Tsim Tsa Tsui in the city Hong Kong 🏙️ 🌃 .

THE FESTIVAL, THE FUN!

On this festival, people can play some fun Roblox games to entertain themselves. There are a lot of Roblox games that are fun, such as Blade Ball, Toilet Tower Defense, King Legacy and my personal favourite game called Blox Fruits. It has some really cool moves and abilities, plus the graphic quality is great! You might see some people dressed as Roblox Characters, you can also see a big TV 📺 screen that recommends some popular Roblox games. You can eat some normal food like pizza 🍕, hotdogs 🌭, fried noodles 🍜 etc. You can also drink a special soda made from Roblox called Bloxy Cola. 🥤

WHY do we need this festival?

Well, we go to work or school every single day so I feel like we all deserve some days to rest and play. I'm sure you all agree with me. Video games also have some benefits, for example, video games can make you feel relaxed and happy! 😊 Plus we can make good friends !

I think people will love this festival because Roblox is very popular and it makes you feel relaxed. This festival will definitely be loved by lots of people. I assure you that this festival is going to be phenomenal 🔥😊!
